Frame Plaque
Kaisercraft file set

OTHER:

Pressed Petals Chip Chatter Numbers
Making Memories Tiny Alphas
Embroidery Thread
Ribbon
Zig Memory System Writer Pen

Rona Bailey

Count me in Album

Plan what papers are going to go on each page of the mini album, piecing two patterned papers together on a page of the mini album uses less paper for covering the actual mini album and leaves more paper for embellishing.

Relax when doodling, make it look sketchy, use a light hand, always use a pen that you are comfortable with, I personally like Zig Memory System Writer Pens and Francheville Scrapbooking pens although any pen will do as long as it dries quickly.

“Doodle on any available edge, mini album pages, photographs, cut outs, embellishments, letters.”

Cover all the mini album pages first, and let them dry completely before using the Kaisercraft mini file set to file the edges of the pages of the mini album to neaten all of the edges, paint the edges of the mini album using a flat brush and Kaisercraft paint, let dry.

Add photo's, numbers, cut out animals, letters, put album together with Kaisercraft rings and attach ribbons.
