SB1641 Star

SB1139 Superhero

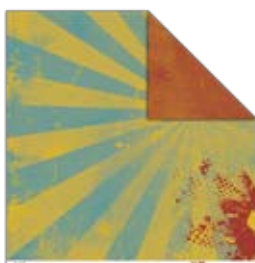

M013 Mint

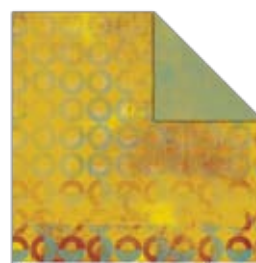

SB528 All Boy Rubons

P252 Dare Devil

P253 Villain

P254 Stunt Man

P255 Comic

## Hint

Instead of placing contrasting papers behind the star you could use a photo.

Gently sand around all pieces to remove any rough edges. In this example the edges of the papers have been left raw but if you desired you could paint or ink them.

Cover each page with different papers from the *Superhero* collection. Before covering the back of the first page, adhere a contrasting coloured piece behind the star. Carefully remove the bling star from packaging and adhere in place inside the cut out star.

Doodle around the edges of each page using different techniques. Use dashed and squiggly lines and even mix the use of black and white pens.

Sand around the edges of the photos to make them stand out and matte them if desired. Adhere chosen photos to each page and rubon designs from the All Boy rubon around them.

For the spread shown below trace around the star shape of the album and then cut it out 0.5cm (¼") smaller. Attach this to the centre of the star on the left page. Cut out a 10cm x 10cm (4" x 4") photo, sand the edges and adhere centred on the left page rectangle. Cut around the word 'Ahh' from *Dare Devil* and adhere on an angle across the star. Doodle dashed lines in black pen around the edges.

For the right piece cut a 10cm x 10cm (4" x 4") square and tear it from top right corner to bottom left. Attach it 2cm from the top of the right page. Place a 9cm x 6.5cm (3½" x 2½") photo 4cm (1½") from the top of the page and 2.5cm (1") from the left.

Rubon the title 'Boys Will Be Boys' around the curved arrow, making sure to rub on each letter individually so that you can slightly rotate the words as you put them on. Embellish with other designs from the All Boy rubon.

Finish off you project by adding extra journalling if desired and a few matching brads.
